Author index of volume 70

Alós-Ferrer, C. and A.B. Ania, Local equilibria in economic games 165
Alston, J.M., J.A. Chalfant and N.E. Piggott, Incorporating demand shifters in the Almost Ideal demand system 73
Amegashie, J.A., An all-pay auction with a pure-strategy equilibrium 79
Ania, A.B., *see* C. Alós-Ferrer 165

Bai, C.-E., D.D. Li, Y. Qian and Y. Wang, Financial repression and optimal taxation 245
Barkoulas, J.T., C.F. Baum and A. Chakraborty, Waves and persistence in merger and acquisition activity 237
Basu, P. and P. Samanta, Volatility and stock prices: implications from a production model of asset pricing 229
Baum, C.F., *see* J.T. Barkoulas 237
Benati, L., Some empirical evidence on the 'discouraged worker' effect 387
Bernhofen, D.M., Measuring diversity in product space: the missing axiom 69
Bhattacharya, S. and A. Faure-Grimaud, The debt hangover. Renegotiation with noncontractible investment 413
Bloch, F. and H. Ferrer, Strategic complements and substitutes in bilateral oligopolies 83
Bluedorn, J.C., Can democracy help? Growth and ethnic divisions 121
Bontems, P. and V. Réquillart, Remarks on good vs. bad characteristics in vertical differentiation 427
Bordignon, S. and F. Lisi, Predictive accuracy for chaotic economic models 51
Branco, F., On the superiority of the multiple round ascending bid auction 187
Breunig, R., An almost unbiased estimator of the coefficient of variation 15

Campolieti, M., The Canada/Quebec pension plan disability program and the labor force participation of older men 421
Caputo, M.R., Further results on Lagrange multipliers with several binding constraints 335
Carrion-i-Silvestre, J.L., A. Sansó-i-Rosselló and M.A. Ortuño, Unit root and stationarity tests' wedding 1
Chakraborty, A., *see* J.T. Barkoulas 237
Chalfant, J.A., *see* J.M. Alston 73
Chavas, J.-P., Envelope and sensitivity analysis 'in the large' 295
Clark, K. and M. Sefton, Repetition and signalling: experimental evidence from games with efficient equilibria 357
Co, C.Y., *see* M.C. Strazicich 405
Costa, D.L., Aggregation, rank, and some historical Engel curves 183

Dalgaard, C.-J. and J. Vastrup, On the measurement of σ-convergence 283

Engelbrecht-Wiggans, R., The effect of entry and information costs on oral versus sealed-bid auctions 195

Faure-Grimaud, A., *see* S. Bhattacharya 413
Fella, G., Reserve uncertainty and speculative attacks on target zones 223
Ferrer, H., *see* F. Bloch 83
Fosu, A.K., Political instability and economic growth in developing economies: some specification empirics 289
Fountas, S. and A. Papagapitos, The monetary transmission mechanism: evidence and implications for European Monetary Union 397
Froeb, L.M. and B.H. Kobayashi, Evidence production in adversarial vs. inquisitorial regimes 267

Gabszewicz, J., N. Sonnac and X. Wauthy, On price competition with complementary goods 431
Gaube, T., Group size and free riding when private and public goods are gross substitutes 127
Goddard, J. and J. Wilson, Cross sectional and panel estimation of convergence 327
Goerlich Gisbert, F.J., On factor decomposition of cross-country income inequality: some extensions and qualifications 303

Elsevier Science B.V.

Category index of volume 70

B Methodology and History of Economic Thought

J.-P. Chavas, Envelope and sensitivity analysis 'in the large' (B4) 295

C Mathematical and Quantitative Methods

F.J. Goerlich Gisbert, On factor decomposition of cross-country income inequality: some extensions and qualifications (C10)303
J.L. Carrion-i-Silvestre, A. Sansó-i-Rosselló and M.A. Ortuño, Unit root and stationarity tests' wedding (C12) 1
J. Hellström, Unit root testing in integer-valued AR(1) models (C12) 9
J. Yang, Structural change tests under regression misspecifications (C12)311
R. Breunig, An almost unbiased estimator of the coefficient of variation (C13) 15
M. Yang, Closed-form likelihood function of Markov-switching models (C13)319
R. Larsson and M. Villani, A distance measure between cointegration spaces (C15) 21
C. Gourieroux and J. Jasiak, Memory and infrequent breaks (C22) 29
C.-C. Hsu, Change point estimation in regressions with $I(d)$ variables (C22)147
Pérez, A. and E. Ruiz, Finite sample properties of a QML estimator of stochastic volatility models with long memory (C22)157
J. Goddard and J. Wilson, Cross sectional and panel estimation of convergence (C23)327
M.-j. Lee, First-difference estimator for panel censored-selection models (C24) 43
S. Bordignon and F. Lisi, Predictive accuracy for chaotic economic models (C53) 51
M.R. Caputo, Further results on Lagrange multipliers with several binding constraints (C60)335
S. Luo, The impact of public information on insider trading (C72) 59
C. Alós-Ferrer and A.B. Ania, Local equilibria in economic games (C72)165
S. Grant and E. Karni, On the equivalence of preferences (C72)341
M.I. Kamien, A cake for Cournot (C72)349
K. Clark and M. Sefton, Repetition and signalling: experimental evidence from games with efficient equilibria (C92)357
S. Huck, H.-T. Normann and J. Oechssler, Market volatility and inequality in earnings: experimental evidence (C92)363

D Microeconomics

W.T. Harbaugh, K. Krause and L. Vesterlund, Are adults better behaved than children? Age, experience, and the endowment effect (D1) 175
D.M. Bernhofen, Measuring diversity in product space: the missing axiom (D11) 69
D.L. Zhu, The demand functions that satisfy the weak axiom of revealed preference and generalized monotonicity (D11)369
J.M. Alston, J.A. Chalfant and N.E. Piggott, Incorporating demand shifters in the Almost Ideal demand system (D12) 73
D.L. Costa, Aggregation, rank, and some historical Engel curves (D12)183
J.A. Amegashie, An all-pay auction with a pure-strategy equilibrium (D23) 79
F. Bloch and H. Ferrer, Strategic complements and substitutes in bilateral oligopolies (D43) 83
S. Huck, K.A. Konrad and W. Müller, Divisionalization in contests (D44) 89
F. Branco, On the superiority of the multiple round ascending bid auction (D44)187
R. Engelbrecht-Wiggans, The effect of entry and information costs on oral versus sealed-bid auctions (D44)195
K. Suzumura, Pareto principles from Inch to Ell (D63) 95
F. Maniquet, On decomposable exchange rules (D63)375
P.J. Reny, Arrow's theorem and the Gibbard-Satterthwaite theorem: a unified approach (D71) 99
A. Sen, Another direct proof of the Gibbard–Satterthwaite Theorem (D71)381

Elsevier Science B.V.
PII: S0165-1765(01)00355-X

N. Hauenschild and P. Stahlecker, Precautionary saving and fuzzy information (D81)107
S. Grant, A. Kajii and B. Polak, Different notions of disappointment aversion (D81)203

E Macroeconomics and Monetary Economics

A. Seckin, Consumption–leisure choice with habit formation (E21)115
L. Benati, Some empirical evidence on the 'discouraged worker' effect (E30)387
J.-O. Hairault, F. Langot and F. Portier, Efficiency and stabilization: reducing Harberger triangles and Okun gaps (E32)209
S. Fountas and A. Papagapitos, The monetary transmission mechanism: evidence and implications for European Monetary Union (E44)397
J.C. Bluedorn, Can democracy help? Growth and ethnic divisions (E69)121

F International Economics

H.H. Haller and Y.M. Ioannides, Propaedeutics of strategic theories of economic integration (F15)215
M.C. Strazicich, C.Y. Co and J. Lee, Are shocks to foreign investment in developing countries permanent or temporary? Evidence from panel unit root tests (F21)405
G. Fella, Reserve uncertainty and speculative attacks on target zones (F31)223

G Financial Economics

P. Basu and P. Samanta, Volatility and stock prices: implications from a production model of asset pricing (G12)229
S. Bhattacharya and A. Faure-Grimaud, The debt hangover. Renegotiation with noncontractible investment (G30)413
J.T. Barkoulas, C.F. Baum and A. Chakraborty, Waves and persistence in merger and acquisition activity (G34)237

H Public Economics

C.-E. Bai, D.D. Li, Y. Qian and Y. Wang, Financial repression and optimal taxation (H2) 245
T. Gaube, Group size and free riding when private and public goods are gross substitutes (H41)127

I Health, Education, and Welfare

M. Campolieti, The Canada/Quebec pension plan disability program and the labor force participation of older men (I120)421

J Labor and Demographic Economics

J.P. Jacobsen, J.W. Pearce III and J.L. Rosenbloom, The effects of child-bearing on women's marital status: using twin births as a natural experience (J12)133
M. Virén, The Okun curve is non-linear (J21)253
G.A. Pfann, Options to quit (J63)259

K Law and Economics

F. Warzynski, Did tough antitrust policy lead to lower mark-ups in the US manufacturing industry? (K21)139
L.M. Froeb and B.H. Kobayashi, Evidence production in adversarial vs. inquisitorial regimes (K41)267

L Industrial Organization

P. Bontems and V. Réquillart, Remarks on good vs. bad characteristics in vertical differentiation (L13)427
J. Gabszewicz, N. Sonnac and X. Wauthy, On price competition with complementary goods (L13)431
J.-P. Tropeano, Information asymmetry as a source of spatial agglomeration (L15)273

O Economic Development, Technological Change, and Growth

C.-J. Dalgaard and J. Vastrup, On the measurement of σ-convergence (O40)283
A.K. Fosu, Political instability and economic growth in developing economies: some specification empirics (O40)289
